ITALIAN BIKE TOURS
Bike, Breathe & Discover

Introduction

This self-guided bike tour through Veneto follows the original Prosecco Route, carefully refined by our local team after years of organizing cycling holidays in the region.
The journey combines quiet back roads, gentle riverside cycling and the vineyard-covered hills between Asolo and Valdobbiadene, at the heart of the Prosecco Superiore DOCG area. Riding at your own pace, you cycle through historic towns, UNESCO-listed landscapes and lesser-known countryside, with handpicked accommodations and full logistic support along the way.
Each stage has been designed to balance scenic beauty, cultural highlights and enjoyable daily rides — allowing you to experience this iconic wine region as locals do, without having to worry about planning or logistics.
Cycle along the River Sile through the flat Veneto countryside, riding towards the cypress-covered foothills of Monte Grappa. Stop in the medieval town of Bassano del Grappa to visit the "grappa" museum, dedicated to the famous local spirit, then continue to the charming town of Asolo, known as the "city of a hundred horizons". Pedal through vineyard-covered hills leading to Follina, nestled at the foothills of the Dolomite Mountains. Following the legendary route from winery to winery, you reach Pieve di Soligo before returning to the Venetian plain, dotted with magnificent historic villas and ancient water mills.

Day to Day

Day 1 **Arrival in Castelfranco Veneto**

Arrive at your hotel in Castelfranco Veneto and take stroll through the streets of this charming old town. The magnificent city walls, still intact, will be the perfect backdrop for a wonderful beginning of your holiday. A walled city by its very definition, it preserves almost the entire city walls and the six towers that rise at the four corners and in the middle points of the east and south. Castelfranco Veneto inextricably links its eight hundred years of history to its strategic position in central Veneto, an obligatory stopover between Venice, Germany and Flanders, between western Europe and the plains of the East.

Day 2 **Ride Castelfranco Veneto to Bassano del Grappa** **40 km**

After breakfast you start your holiday biking along the "sentiero degli ezzelini" path following a canal all the way to the charming hilltop town of Asolo; one of the Italy's most beautiful hamlets and nicknamed "City of a hundred horizons".

From Asolo you reach your destination of this first day, Bassano del Grappa, following quite secondary roads with the view of the mountains and the vineyards. Bassano is the city of "grappa" strong liquor made by distilling the skins, pulp, seeds, and stems left over from winemaking after pressing the grapes: a magnificent destination at the foot of the Venetian Alps that combines historical memory, art and food and wine. Its history has been shaped by the river Brenta, which flows through it near the historic centre: here the two banks are joined by a magnificent wooden bridge that has become the symbol of the city.

Challenge: 40 km, 330 m ascent, 255 m descent

Day 3 **Ride from Bassano del Grappa to Valdobbiadene** **46 km**

Today you cycle on countryside roads from Bassano del Grappa, towards the most famous wine route in Italy, the Prosecco route. Along the way you will have a change to stop and visit the magnificent "Tempio Canoviano" in Possagno. You then follow a panoramic road overlooking the valley on the right hand side and the mountains on the left hand side until you reach a quite bike path along a canal of the Piave river. A final ascent through the vineyards leads you to your destination, Valdobbiadene.

Challenge: 46 km, 725 m ascent, 605 m descent

Day 4 **Ride from Valdobbiadene to Pieve di Soligo** **30 km**

After breakfast the ride starts with a nice ascent up the hill towards Santo Stefano village then you continue riding on one of the most beautiful roads in the whole region. The breathtaking panorama of the snow-covered Alps along the way will be an image you will not forget. Today's terrain is a lot hillier; although the ascents are never very long, at times they can steep. The panoramas you will encounter make all your efforts worthwhile.

Challenge: 30 km, 425 m ascent, 550 m descent

Day 5 **Loop ride via Vittorio Veneto** **48 km**

An exciting and challenging ride awaits you today. After a climb you will pass through the tiny village of Refrontolo situated along the "Prosecco Route". Ride downhill to the historic town of Vittorio Veneto, made of two hearts. A gentle climb will lead you out of the town passing by the Revine Lakes and through artistic vineyards you return to Pieve di Soligo with the must stop of the ancient "Molinetto della Croda" water mill still in use and possible to visit.

Challenge: 48 km, 765 m ascent, 765 m descent

Day 6 **Ride from Pieve di Soligo to Treviso** **37 km**

Today's ride starts with a route that once more passes through the breath-taking hills of the Prosecco Region. Reach the imponent Castel of San Salvatore and descend through the planes to Susegana where you can cross once again the Piave river and reach Treviso along quite secondary roads and bike lanes. Arrive at your hotel in Treviso and take stroll through the streets of this old charming town. The magnificent city walls, still intact, will be the perfect backdrop for a wonderful goodbye of your holidays. Relax with a glass of wine in a bar in the nice Piazza dei Signori, Treviso's main square, just few steps from your hotel.

Challenge: 37 km, 305 m ascent, 425 m descent
